

ITM 2020:

The future of Mexico is here
Our goal is simple: to bring you the technologies of 2040... 20 years ahead of time.
A GLIMPSE OF THE FUTURE!

ITM 2020 WILL BE VIRTUAL

The world is changing and ITM
will be a model of innovation

Our innovative platform
is a gateway to a virtual
world where you can:

Discover launches and the most relevant issues impacting the industry at our virtual press conferences.

Immerse yourself in our "Futuristic Minds" program, a unique educational initiative designed to encourage young people to take degrees in science, technology and engineering.

Catch up on the latest Industry 4.0 trends at our immersive conference program for Spanish speakers.

Learn about the economic strengths and innovation ecosystem of Guanajuato and León.

Join us for the first Industry 4.0 innovation "Makeathon".

Experience how artificial intelligence can power your business meetings.

Obtain direct information on contacts interested in your products.

Participate in the CONCAMIN Annual Industrialists' Meeting.

Exhibit and promote your products on innovative content channels in a way that is visually impactful.
